Protecting the People You Love

Group Life Insurance

Life insurance can help make life without us easier for the people we care about.

Your employer provides a basic amount of Life insurance that pays your loved ones a benefit if you pass away. But you may want to increase your coverage to better fit your lifestyle and the people who share it.

It's easy to purchase Life insurance from Standard Insurance Company (The Standard). You can apply for the extra coverage you need, with premiums deducted directly from your paycheck.

Help protect the people you care about. Contact your human resources representative to learn how to apply for Life insurance.

Maybe you're thinking about protecting your children or spouse. Or you might want to help your partner, your parents or a friend. Whoever you choose to receive the benefit can decide to put it toward things like:

- Child-care costs
- College tuition

Daily living expenses

Use the worksheet on the reverse to guide you in calculating the right amount of Life insurance for your individual circumstances.
